BINGO 112

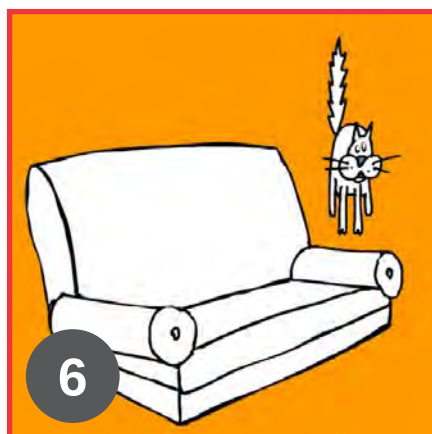

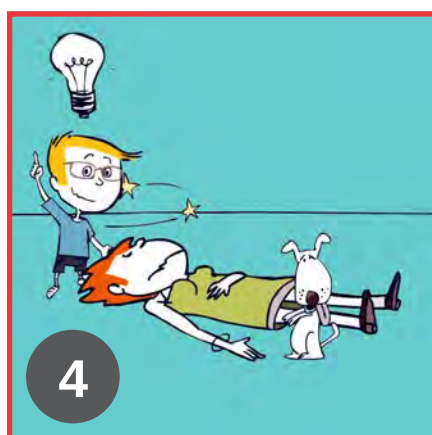

AFBEELDINGENKAART

- 1 Druk de afbeeldingenkaarten af, knip de verschillende afbeeldingen uit, schud ze en steek ze in een zakje of leg ze omgekeerd in een mandje of op een tafel.
- 2 Print 1 bingokaart af per speler.
- 3 Kies een spelleider. De spelleider trekt de afbeeldingen uit het zakje en roept het nummer op de afbeelding af of toont de afbeelding aan alle spelers.
- 4 De spelers duiden de juiste afbeelding op hun bingokaart aan. De speler die als eerste 5 afbeeldingen op een rij aangeduid heeft en «Bingo 112!» roept, is de winnaar.

Tip: je kan het 112 Bingospel nog leuker maken door snoepjes te gebruiken om de afbeeldingen aan te duiden.

Speel Bingo 112 met je vriendjes, familie of zelfs je hele klas.

Veel plezier!

Kinderen (4,5 en 7) vervelen zich en bellen hulpdiensten: 27 brandweermannen voor de deur

28/06/2018 om 09:27 door bfr,mrra | Bron: EIGEN BERICHTGEVING - [Print](#) - [Corrigeer](#)

DIKSMUIDE - “Er staat dikke zwarte rook in ons huis en wij zitten nog binnen met onze huisdieren.” Dat was de samenvatting van de oproep die de brandweer van Diksmuide donderdagochtend omstreeks 7 uur binnenkreeg. Aan de telefoon hingen drie kleine kinderen van 4, 5 en 7 jaar oud. De hulpdiensten aarzelden geen minuut en rukten meteen uit. Totdat bleek dat er helemaal niets aan de hand was en de kinderen gewoon “uit verveling” hadden gebeld.

Kampioenschap boogschieten

Deinze - Tijdens het kampioenschap boogschieten gebeurde een vreemd ongeval. Toen een oude man plots het marktplein overstak, kreeg hij een pijl in zijn bil. De toeschouwers probeerden het bloeden te stelpen. Ze zorgden er ook voor dat de ziekenwagen tot bij het slachtoffer kon rijden.
